Use QR Code to Log In

Theres a very simple way to log in to the Canvas Student app. In the web version of Canvas, if you click the Account link in the Global Navigation menu, you'll see a QR for Mobile Login link. After opening the Canvas Student app on your mobile device, scan that code. You will be instantly logged-in, without having to worry about connecting to your school and retyping your information.

How do I view a QR code to log in to the Canvas mobile apps as a student?

In Global Navigation, click the **Account** link, then click the **QR Code for Mobile Login** link.

Note: If you cannot view the QR for Mobile Login link, your institution has not enabled this feature.

To display your mobile login QR code, click the **Proceed** button.

View your QR code. The QR code can be scanned from the login page of the Student app from an [Android device](#) or an [iOS device](#).

How do I log in to the Student app on my iOS device with a QR code?

Open your device and tap the **Canvas Student** icon.

Tap the **QR Login** link.

Review the instructions for locating the QR code in the web version of Canvas. The QR code is located in your account profile (User Navigation Menu).

When you have located the QR code, click the **Next** button.

Hold your phone up to your computer screen to scan the QR code. Once the code is located, the app will update automatically.

Notes:

- You may have to grant permission for your phone to use your camera.
- The app may take a few minutes to log you in.

View the Dashboard for your user account.

How do I log in to the Canvas Student app on my Android device with a QR code?

Open your Android device and tap the **Canvas Student** icon.

Tap the **QR Code** link.
